Who We Are

New staff undergo extensive training before taking calls. This includes 100 hours of recovery-oriented training, supervised practical experience, and they are mentored by seasoned team members. Additionally, staff are required to obtain the Certified Recovery Support Specialist (CRSS) Credential to demonstrate competency in all areas of recovery support.

What We Do

The Warm Line staff inspire callers to proactively address aspects of their wellness by identifying challenges, developing action plans (daily and situational) and learning what is necessary to maintain wellness.

Services:
